"It may be your character's downfall." "It is not uncommon for the best choice to end in death." "You may find yourself fighting the next character you meet." Glutathione S-transferase (GST) A1 gene polymorphism has been studied on the samples of peripheral blood of healthy twins, and malignant patients; there were examined also persons chronically exposed to polycyclic aromatic hydrocarbons (PAHs). The obtained results have been analysed. It has been demonstrated that GST A1 gene polymorphism did not have an essential role in the pathogenesis of lung cancer, colon cancer or breast cancer in adult women living in a polluted area. R.J.M. has filed a petition for a writ of certiorari; the Department has responded in support of the juvenile court's judgment. In its response, the Department argues that this court should not review the juvenile court's July 16, 2007, order, because R.J.M. did not file a motion or a petition for a writ of certiorari within 42 days after the Department entered its proposed order that the juvenile court approved, as required under Rule 28(C), Ala. R. Juv. P. However, the juvenile court's judgment was entered before that order. *1277 The Alabama Supreme Court has stated that "a
