1. One of the best PS4 games?????♥???♥??♥??♥???♥???♥? I am sharing my first impressions and thoughts on the game Elden Ring game that I have played at the latest Jump Festa 2019. Character information: -Your role - A powerful adventurer -Ability - ██████████ -Name - Elder 1. Characters are fun. Old starting characters are fun, but new characters that have unique tools and actions are even more fun. As a result, I ended up playing the character with the highest highest kick, which has almost the same kick as Sauron. 2. I thought that there are a lot of monsters. However, I turned out to be wrong. The monsters that I expected to turn out to be really tough, the stages barely required any fights. Out of everything I explored, the monsters were quite easy. I was thinking that there are monsters that are not present in the demo version, but the monster only appeared after the final boss, so I could not confirm whether there really is a monster that I can never defeat in the game. 3. The story is suspenseful, and it also contributes a lot. The story is like that, if it didn't have any plot twists, which would have probably broken the story. As for the difficulties, the game has been improved. In the demo version, I never faced a difficulty that I couldn't pass. This version also has a problem with cutting at a certain point, but the lack of difficulty is a lot less than the demo version. If you don't have the final version, please try it once. 4. Monster design is cute. The monster design has been improved. In the demo, the monster is only made of the spot outlines, but the appearance of the monsters of the final version is very cute. 5. The design of the dungeons is really unique. The design of the dungeons has been greatly improved compared to the previous version, so you will feel it once you start to explore the dungeons. 6. I like the fact that you can use a variety of items. It is fun to come up with ways to use various items. 7. I bff6bb2d33

CNSNews.com reviewed photos and video taken of the fake arrests made at the San Francisco Superior Court during a student visit to Mission High School, which were posted on the school's Facebook page. "One black student had a fake (arrest) sheet that said he was arrested for burglary, for nothing," Mission High School student Kelly Craven told "Fox and Friends" host Brian Kilmeade last week. "He didn't say anything to the officer or anyone. He handed over his personal identification so they could rob him of his identity." "He didn't know that somebody is going to be recording this, that he's going to be on social media, that it's going to be trending," she added.
