The official mod version of Elden Ring is here with many more features and is actually worth exploring. I am installing the official version right now, it is awesome! A couple of things you should be wary of is the patch notes for this version are to date out of date but it is being resolved. Also, there is some downtime on Newbazzard when loading screens are being designed, (No loading screen displayed yet) but for now it is nothing to worry about. When I have
