About Fabula

Fabula is a free title that has the idea and realization to create a new gameplay experience, something different and appealing as well. We created it with a unique twist on the pre-existing genres and in a multiplayer game we'll approach things from a different angle than other titles. We focused our energy on creating a multiplayer game that is fun but challenging. We've invested a lot into creating an experience that runs smooth and class-based vehicles will give you and your teammates a proper advantage in the multiplayer gameplay. Gather your friends and enjoy the multiplayer experience that Fabula brings!

Fabula MOD Support

Fabula is a relatively high hardware demand title so it requires MOD support that plays nice with all the graphics. Please follow the guides below to download the MODs you need:
