Yoshiwara Higanbana is a mystery visual novel where five men fall in love with a courtesan, Rin. -What will you decide? Pick from among six choices and get on your way to making Rin's decision fall. Keywords: HIGANNABANA \*All sales from this game are registered as a visual novel. A project by Natsuki's illustrations and MariaCrown's novel. About the game --Whether I end up after falling in love, in your arms or in a scarlet prison? It's up to you to make my vow of higanbana fall or wither-- Even if it's only for one night, I want to be held by you. A beautiful but fleeting love story of a Oiran. Popular otome game Yoshiwara Higanbana with new CG will soon to be released! The story of a prostitute's fragile but burning pure love in the Edo brothel Yoshiwara is now available on Steam! This title is an all-ages version of the PC otome adventure game "Yoshiwara Higanbana" released by MariaCrown in September 2015. The scenario has been changed to match that of the PS Vita/Switch game "Yoshiwara Higanbana: Kuon no Chigiri" and new CGs have been added. ※Attention: The Tatsukichi route added in "Yoshiwara Higanbana: Kuon no Chigiri" is not included. ■How to play In this visual novel, you can take different routes or endings by choosing different choices. Depending on the ending you complete, new episodes will open up in the main story. ■The new CGs have been added! In the main story, scenes that were previously showed with characters and backgrounds will be turned into CGs. One scene will be turned into CG for each character. ■Chinese support In addition to Japanese, Chinese text has been added! ●About the story Edo Period.
