Techno Tower Defense is a wave-based action game where you fend off large amounts of enemies for your own survival. Upgrade your turret and unlock drones to fight for you. Use these newfound powers to destroy and conquer your foes. Be confronted by enemies that pop, split, and explode. Use your wits and efficiency to keep them at bay. Don't take too much damage or it's game over.

Medals and Achievements Put your skills to the test by achieving medals for reaching specific milestones. These medals range from the bronze medal at wave 10 all the way up to the champion's medal at wave 50. Unlock achievements by conquering each level, accumulating score over time, and tallying up how many kills you got. Showoff and prove your worthiness as the ultimate champion! Video Techno Tower Defense Trailer Screenshots Developer Notes This is an early version of the game. This version will be fully functional and ready for download by the time you read this post. The number of levels is currently at 25, and I am currently working on another 12. Please expect the number of levels to increase in the coming weeks. I would appreciate it greatly if you could provide feedback about the current state of the game and what you think needs to be improved. I have tested the game for bugs and have no intentions of releasing an incomplete, buggy game. Please rate my game positively, it means a lot and I will be very happy if the community enjoys my games. Thanks and have a nice day, your friend, The developer for Techno Tower Defense Click to expand... Hi! Thank you very much for making this game! I recently started playing Techno Tower Defense. I really enjoy the game, and I had a few comments: * When the pop-up appears, it's a bit too close to the screen edge. I had to move my mouse out of the pop-up's way to click the continue button, and the pop-up remained on top of the screen. Is it intended to be that way? * The game seems to freeze if I leave it idle for a while. There are no errors, and when I restart the game, it runs fine. I'm not sure if this is a bug or

The Corridor is a game about the space between us and our sense of self. Are you someone who has had a crisis of identity in the past? Get the distress signals. Are you an experiment in the life of a thing? Go a little nuts. Perhaps you're ordinary. Over here! For older players: This game was originally created on Kickstarter and published in 2011 by Jake Elliott & Co. It was expanded and extensively revised in 2015 by Florian Fricke and Thierry Wirtz. About Florian Fricke & Thierry Wirtz: The original game designer of the Corridor, Florian Fricke, is an artist and designer best known for his work as one of the five key developers at Maxis on Spore and for his 2013 solo debut game ee; his game stories are often about identity, memory, and the consequences of moving between social circles. He has since worked on games like BioShock Infinite, the 2013 Nintendo eShop release Link's Awakening and Fez. Thierry Wirtz is a Swiss graphic designer who has been making videogames for a long time. He made the original gfx for The Corridor, and also currently works as a graphic designer and illustrator on games like Moonbase Commander, Infinite Runner, and Lowland. He also did the original art for a version of The Corridor released in San Francisco in 2013 and designed for the 2013 Independent Games Festival. Key Team: Florian Fricke has been working in design for close to ten years. Before The Corridor, Florian worked on BioShock Infinite, and most recently on Fez. He makes games about identity and memory in a lot of different ways. Florian Fricke on The Corridor: "The Corridor is mostly about the space between us and our sense of self. Are you someone who has had a crisis of identity in the past? Get the distress signals. Are you an experiment in the life of a thing? Go a little nuts. Perhaps you're ordinary. Over here! "The gameplay is simple: when you walk down a corridor, only the things you can pick up while walking along the corridor will open up. Along the way, you'll discover objects of different types: everything from a harpsichord to an old school computer. You only have to pick up those objects you want to carry, and you can't pick up objects on your left and on your right. But you should also be careful of the things on c9d1549cdd

Arriving 4-8-19 Are you dreaming of a paint job worthy of your GCM truck? Look no further - this is the deal! At \$1399 yours will come with rebuilt gears, new band housing, new axle, rebuilt lifter, new piston hats, new torch and bearings, new fork oil pan, new oil filter, new plate coolers, new radiator, new thermostat, new spark plugs and new plugs. Not to mention the side valve lifters and a new carb. We will do you a radiator change included as well. You will be able to have this new install done in your new truck - delivering the absolute best value. One of the perks is that we can install the engine in a variety of rigs. Please ask about shipping by e-mail. Complete details are below: We are replacing the right side cylinder head and all valves with new 1-1/2", then rebuild and computer match, with after market and custom camshafts. Carb and air filters are rebuilt. We have 4-6 gears on the motor up to 103x gear ratio and rebuild the axles and bearing shells. Now comes the revolution. This truck is my throw back truck and has many new views. The chassis was built under the cut and fast rule of Matt R (go to GCM-tr.com and click the title when you read the story) who worked on the machine. Spend a few minutes clicking around and you'll see this machine through the eyes of a seasoned professional. Greasy fingers and sweaty brows are matched with pride in our work. Hand built luxury at an entry level price. Everything is replaceable. It's also worth noting that we all used the same parts, so anyone can build one without overhauling even a hidden area of the chassis. There is a story behind a truck. Engines and motors run the best and it started with the engine. The original engine has been removed and was flawless; the labor of 1-1/2 day and the correct foundation left the

engine as good as new. The biggest concern was the 8.8:1 ratio you could see through the factory rings. We decided it was time to performed a rebuild. The factory installed 4-6 gears with a 6-71 ring has been documented to perform well on our application. The high ratio threw off the timing of the camshaft and made it difficult to start during cold temps

An intense strategic card game that's actually fun! Card Rocket is a card game where you battle each other to claim the most points by moving and positioning your cards on a raised playing field. Card Rocket is a fast-paced game of strategy, where you can quickly select your cards to defend, block, block the block or claim the other player's card. But the real appeal is the simple game play. All you need is enough good timing and quick thinking to beat your opponents. More than a card game, Card Rocket is a blend of action, strategy, bluffing and bluffing, deception and deception, all in a fun and frantic playing experience! * Play your game live via the internet - play the winner or let it auto-play for you! * Duel multiple opponents at the same time! * Play against human opponents on any network - no Internet required! * Play your game against bots, or fight your friends and family! * Download new cards and new game modes all the time! * Earn new cards and boost your Rocket while you play! Card Rocket's gameplay is distinctively different from other games. There are 2 phases for gameplay. In Phase 1, you move the deck around the 3x3 playing field to place your cards face down. In Phase 2, your cards are revealed one by one, followed by a short countdown from 30 to 0. You can use your last move to move a card out of the field to block your opponent's move. In this phase, your cards would become visible to the opponent and he/she can move them into position to attempt to claim them. Also, you would be able to move or position cards on the field to block the

opponent's move and attempt to block the opponent's block. **New Game Mode: Multi-Sitout** The Sitout mode is the traditional way of playing Card Rocket. In this mode, you cannot move or position your cards, however you can move or position your opponent's cards in the field. To win this mode, you must get the most points during the countdown! Multi-Sitout is the new game mode. In this mode, each player starts with 2 moves and 4 cards. You can select your cards during your own movement, you can even move cards from your hand to the field, or vice-versa. In Multi-Sitout, the higher the points you score during the countdown, the more points
