A tale spinner is a fascinating deck-building game where each player plays as a mysterious storyteller who received a mysterious box in the post. Inside the box, they found a set of mystical cards, several decks and a few helpful supplies. It's up to the player to make the best of the cards they received, perform various quests and try to win the game. With the help of the gods, they will be taking on enemies, solving mind-bending puzzles, experience special events in different biomes, craft items and perform other important tasks. At the end of the game, players will get to keep their cards, at the price of a story, which they can use to spin any tales they wish.
