This invention relates to a method for the production of compounds useful as starting materials for preparing epoxides or vinyl ethers, and more particularly,

this invention relates to the production of a compound from a fluoroalkyl ketone or.alpha.-fluoroepoxide. A few fluoroalkyl ketones or.alpha.-fluoroepoxides have been heretofore proposed and several methods for the production thereof have been known. Such fluoroalkyl ketones or.alpha.-fluoroepoxides are useful as starting materials for synthetic resins, coating materials and surface coating agents and are widely used in the field of electronics. Various method for the production of fluoroalkyl ketones

or.alpha.-fluoroepoxides are known. For example, it is known to react a fluorinated aliphatic carboxylic acid with an alkali metal in a solvent to obtain a fluoroalkyl ketone or.alpha.-fluoroepoxide [U.S. Pat. Nos. 4,017,586 and 3,428,623]. Also, an alkali metal fluoride is reacted with a dihalogenated alkene in a solvent to obtain a fluoroalkyl ketone or.alpha.-fluoroepoxide [U.S. Pat. No. 3,844,972]. Further, a fluoroalkylfuroate is reacted with an organic compound selected from an alkali metal alkoxide, an alkali

metal salt of a monohydric alcohol,
a monocarboxylic acid, a
monoamino acid and a boron
compound to obtain a fluoroalkyl
ketone or.alpha 1cdb36666d

.3 Ways to Date a Younger Woman
– If You Don't Mind Taking Risks
The main purpose of the title is to
urge you to take risks. Let me start
with a cautionary tale: my friend

recently dated a girl, who was not as good as my friend expected her to be, partly because she was very timid. It had been my friend's second long-term relationship and he expected better because he was an older man, but he was completely wrong. The timid girl was actually quite fun, but she was extremely boring in bed. There is nothing worse than a timid lover. Therefore, in my dating advice, I will focus on an important but oft-misunderstood aspect of younger women: risk. Risk There are many ways to find a younger woman for

dating. There is the option of going to a bar where they generally go dressed like strippers. There is also internet dating, but that doesn't help if you want a younger woman, as you can just look for pictures of them on the internet. What most people do, though, is to go to an upscale bar where the best of the best ladies can be found. Dating younger women often means going out in a top class location. Top clubs and top bars will have many younger women. Some will be there to impress clients and friends. You can also put a call out on a dating

website for married guys who want to set up affairs with younger women. But the biggest club of all is sex tourism. This is where older men will go to meet younger women, who are willing to go to their hotel, strip club, or any other location where the men can have as much sex as they want. If you go for that option, you need to have a very good credit card ready to pay for everything. If you want a younger woman, you need to be willing to go to a bar, club, hotel, street corner, a taxi, a public shower, or even the beach in the

middle of the night. It doesn't matter where or who you end up with, but you need to be willing to take risks to find a younger woman. First of all, it is worth noting that many people who will join the riskier options will have a credit card on them already. The credit card will make things smoother for the host. Secondly, if you go to the riskier locations, you will see
