A: That's the base map. Save your work (in case you get a wipe), and open the map. It will open to the area you will be working in. Make your edits. Save the project. Close the map. Get back to the main map. Open the map and place the new map where you want it in the project. Click on that map and open as an image.

If you want to delete the base map use File /Replace Map / Replace current map with Thank you. If you have any questions about the programs or ask for help, leave a comment. // =====
