Free Codes I know that this thread title is unspecific but I couldn't think of another thread title. Please don't whine if this is a duplicate thread, I'll close it. I'd just like to see these codes over here instead since I'm more interested in getting the codes in the future. EDIT: I received some codes but haven't had the chance to confirm it was legit. Anyone who has these codes please confirm they are legit. Thank you. No one has any of these codes? Do you guys know a place online or via facebook that has these codes? I am looking for rsclub.net codes but if anyone has codes for Cricket 19 EE UD skins then please let me know. Thank you. I hope to see these codes in the game soon. While some are codes that were here before, I have been running the game successfully for three days and have not yet found the codes to get the NJL Jersey for my profile. Online codes come through that I get but how you get these codes from rsclub.net or cricketfanatics.com is unfortunately unknown to me. So does anyone on here know how/where to get the IRAS Jersey, NJL Jersey and the IBU Jersey? I have been trying to get them from WSMP or Cricketfanatics.com, unfortunately unsuccessfully so far. I have also been looking for wcstats and player records, if anyone knows a place I could come to get those codes it would be greatly appreciated. I have also been looking for wcstats and player records, if anyone knows a place I could come to get those codes it would be greatly appreciated. I know it is illegal but this is a good place. =). I'm not sure if there is a credit card based service but you can easily just use a PayPal account to get a people database with free credits. There is a link to the people database in the staff thread. If you click on your user name in that thread it will give you the option to login on to a new tab and type in username@crforums.com to get paid services with a people database. Thank you so much for this. I just wanted to take the liberty of making a class which may help others too. There is a class thread here where I

could post it if it doesn't bother anyone. =) I don't think this is against it's TOS but should cricketfan
