A woman with multiple sclerosis and a little girl who was the daughter of her pregnant wife were among four people who died when a car crashed into a bus carrying Liverpool football fans travelling to a cup final. Three others from the group were injured in the crash in Bolton after the driver of a Ford Mondeo lost control and ploughed into the double-decker bus. The four adults were killed and the child, who had been delivered by caesarean section four days earlier, died at the scene after being taken to hospital. The incident happened at 3.15pm on Sunday near the junction of Booth Street and Hulton Lane in the Blackburn Road area of the town. A 27-year-old Bolton woman from the M62 crash died of her injuries at the Royal Preston Hospital. A toddler and a woman in her 40s died at the scene. A 66-year-old man from Crosby died later in hospital. A woman, also from Bolton, was taken to hospital by ambulance, but was discharged the same day. The other person injured in the crash

An aunt of the Bolton woman also died in hospital last night. A 33-year-old woman from Plymouth, who suffered fractures, is being treated in hospital for her injuries. Superintendent Paul Monaghan said the victims, who were all aged in their 20s, were on their way to watch Liverpool in the FA Cup final at Wembley. ### **Eternal Ring**

**Eternal Ring is a next generation fantasy RPG, with its own unique characters, spells, and weapons. The core of the game is set in a land called the Lands Between, a vast world which is composed of numerous regions scattered between the edge of the mortal world and the Abyss. The Lands Between are divided into three fields, which correspond to the three realms and three continents and feature three major cultural backgrounds and PvP battle systems: A fantasy world where players can freely choose their own customizations, a medieval world where they can enjoy exciting action, and a sci-fi world where players can enjoy in-depth space combat. Players can freely customize their characters, combining weapons, armor, and magic. And then you can smoothly lead the life of an adventurer at the power of the Elden Ring.**

**CONCEPT The premise is a fantasy world where humanity rules everything. However, after certain date, a monster appeared, exposing the weakness of humanity: "The largest empire to rule the planet Earth, made up of 9 major states, has fallen. No one knows where this monster came from. It resides in the deepest part of a continent that borders the abyss, and has cast a shadow over all human endeavors for 100 years." With the disappearance of the empire and the corruption of the spiritual power, the large continent becomes a desolate place, populated only by humans. It is said that the name of the monster "The Elden" (The Elden is the title of the nation of the empire) came from the appearance of a giant fire from the abyss. The people of the desert islands before the imperial nations, the descendants of the desert tribesmen, have the crude bloodlines of the adventurers, which change everything by fulfilling their feelings for battle and fascination for nature. They lived in the**
