In the mean time, checkout the Top Movies on MX Player below.Q: My timezone in asp.net is not saved in database I have a web app where i want user to enter their timezone offset. In this i have a textbox whose placeholder attribute is "---" and on Submit button's click i check whether time zone offset is blank or not. If blank it sets that offset to my current timezone(which is 4 hours ahead of UTC). In web.config I have set this below c6a93da74d
