02:01:42 I will download  
it. Karun D I've read that  
many Canon IXUS 225 IS  
users have experienced  
the same problem.. A  
copy or image of the  
serial number will be  
needed to make the  
warranty claims.. Rony I  
like it. It's pretty easy to

use. Kreight 4 I like it.  
Geoffrey Hello, I've just downloaded the free trial and it seems to do the job. kdh13 i have a problem with my ipod touch, and it doesn't work. It will work on some ipods but it doesn't on others, it worked on my iPP4. It always used to get stuck in a loop and crash, and the battery would die out fast. Since I have this

---

new ipod touch, it wont work at all. It turns itself on when you plug it in and it'll beep once, but thats it. It really needs an update, its shocking how crappy it is compared to the iPP.If you can help me that would be awesome. tessie I have a Tecra A7. Nancy I don't think it works for me. The 6.0 says there is a 6.0 update on the p/c but it

---

won't open the p/c.  
Kreight 3 My iPod works  
now. What happens is the  
icon with the  
forward/back/etc control  
panel comes up and then  
goes away.. I am not sure  
what that icon is. The  
only thing left is the color  
on the screen and no  
program screen drakos  
Hi, Thanks for the  
announcement. I  
downloaded it and it

works very well. I have the very first iPod with the WiFi, the 5th generation. It has a lot of its own features. Only it needs the software with these features. So thanks for this software.

alexandre ramos I've bought this and it works great...if you don't see the little icon there's a fix in the.rar file..just execute it...don't worry

---

and you'll be fine..and  
you need to click ok  
Klaus Petersen I have a
