
Counter Strike 1.6 Decayed Lite Portable !!HOT!!

Question Is there any cheats for Portable CS 1.6 Decayed Lite v1.0? Already a hundred years of looking, I can not find any cheats for it. Internal or external does not matter. I just can't find it. I beg you, help who can. That's like 2 months of looking. I do not know what to do. On the Internet there is nothing, no one writes on the forums, on the off-site no cheats. I beg you help. Thanks in advance for the answer! P.S. Cheats on the other sites do not believe me. This is just a fraud. At least in this version of the game they just do not exist! And about the game itself. Get ready for the fact that the game will not give you a great FPS and will constantly sag in the settings.
