Euro Truck Simulator 2 1.17 Crack

May 4, 2558 BC - Euro Truck Simulator 2 - Update 1.17 is now available! We are pleased to announce that update 1.17 is currently available. After several months of development, we have finally released update 1.17 for our euro trucks. In this update, we have added many new features and functionality to the game, as well as improved stability. We have added a new mod for Scania R440 and R420 trucks and modified other popular trucks. For fans of trucks, a new map called "Course-based map" is now available in the game, which allows you to start the game on the route of your choice. dd2bc28256
