## Slendytubbies Beta V2 32 Bit

The Beta Tubby has silver, white fur and a clear TV screen, which can induce illusions in people, on his stomach. They also have deep black eyes and a cyan glow to them. The reason for this cyan glow is to pull prey into The Beta Tubby's kill radius so that he can kill them more easily. The Beta Tubby is the newest form of Anti-Tubbies and the most difficult to see. He has much longer arms, but his legs are not as long as the ones of The Tormentor. They have a slight difference, his are colored red-brown, while The Tormentor's are a darker red. His teeth are smaller and he has sharp canines that make him look similar to a wolf. His eyes are now completely hidden behind a cyan glow and are completely pitch black. The Teletubby continues to get longer and taller while his right hand begins to move and his fingers move towards the back of The Beta Tubby's head, attempting to bite down into his neck as they move. Then, The Beta Tubby opens a few eye holes before his eyes completely disappear and a single eye, missing a tooth of his upper jaw, stares back at the viewer. The eye is pitch black and has no shine to it. Tinky Winky's eyes turn red, the pupils shoot out red while the cyan pupil turns a bright red like blood. This happens within a matter of seconds. Tinky Winky then charges at the the beta Tubby, only slowing down to dodge a blow by the beta Tubby and knocks the beta Tubby over. Tinky Winky, Cuddly Bear, and the realetetubby turn to the right and dodge another deadly blow from the beta Tubby. The Beta Tubby shoots out a slender blade, and slices into the Cuddly Bear, and the Beta Tubby grabs the Cuddly Bear in his grasp and uses the Cuddly Bear to begin tearing through the ceiling as a way to destroy the room. The Beta Tubby suddenly stops as he is able to see that Tinky Winky isn't with him. He turns his head and sees Tinky Winky lying right beside him. The Beta Tubby goes into shock and places Tinky Winky down. But when he turns around, he is surrounded by black spikes and is eating a piece of meat that Tinky Winky was about to share with him.
