Splinter Cell Blacklist Dlc Pc 21 ##TOP##

upon returning to the extraction point, fisher realizes that the next target is in san francisco. he reveals the target is the at&t network and it is a potential threat to the general public. he and briggs discuss that the americans' resources are spread too thin to prepare for it. sam decides to go alone. first he gathers intel from the engineer's hideout and learns that there is a listening device in the united states capitol. he believes the next target is in the capitol building itself. he heads there and finds a meeting of a secret government committee on the same day that the blacklist attacks in san francisco. fisher follows sam and is captured by the committee. sam confronts the leader of the committee who is revealed to be jadid. he reveals the mission and jadid changes his plan to a plan where he takes over the u.s. capitol and cuts the internet in the country. when the duo reaches the extraction point, it is revealed that fisher has actually been captured by blacklist zero. he, sam, and briggs decide to go to the cia headquarters in langley. there, the three of them infiltrate and sam spots the listening device jadid was talking about. as jadid is about to discover it, he and fisher take the fight to the u.s. capitol building. eventually they get to a room where jadid and dale are having a conversation. there, jadid explains that his plans to take over the country were based on a fear of the u. becoming a dictatorship. if the americans came to power, he fears that the country would be taken down by a less legitimate government. he then reveals that he was sent to the cia by saddam hussein to gain their trust and stay quiet about his plans. jadid takes over the u. capitol and cuts the connection with all the other continents.

Splinter Cell Blacklist Dlc Pc 21

the attack will be coming from washington, d.c.. after realizing what was going on fourth echelon rushes there. as the engineer's plan is revealed, they begin a countdown and force fourth echelon to find the engineer's headquarters before he can execute his plan. it is revealed that the engineer is jack joyce, who along with his daughters anna and sarah, are the main planners of the blacklist. the team gets into the engineer's hideout, a secret underground facility and find that the girls are being held hostage. jack attempts to kill the team but fisher stops him. fisher then neutralizes the two girls and takes them to a safehouse. when anna calls the engineer to let him know the team has arrived, he can hear their conversation and takes off. the engineer has been

compromised and the blacklist is up and running. what's more, the engineer's daughter sarah has taken over the blacklist mainframe and uses it to broadcast a series of coded messages through the airwaves to the public. fisher is then in the midst of a training mission with cia agent charlie cole and rachel kolko, when the first message is broadcasted on the radio. the rest of the team rushes to the engineer's hideout and finds the situation is out of control. the blacklist team regroups at the safehouse and the team debates on who should be the leader. when the team splits up to search for the engineer, fisher finds anna and goes after her. anna informs fisher that sarah has hacked into the mainframe and can shut it down at any time. sarah attacks the team and kills anna. sarah manages to disable the mainframe and takes it. fisher then goes after her and manages to subdue sarah and tosses her off the second story of the safehouse. fisher then goes after the engineer, who attempts to flee but is shot in the leg. fisher captures the engineer, puts him in a cell, and quickly figures out his plan and how to foil it. 5ec8ef588b
