Sybase Pc Client 15.7 !!INSTALL!! Download102l

The replication system is now ready for Adaptive Server 15.7 ESD #2 and applications can resume. If you have installed any Sybase client products such as Open . NET or Sybase .NET, make sure they don't misbehave. If you installed any of these products in compatibility mode for earlier versions of Sybase, make sure it works correctly. To do this, you need to run the command msiexec /unattend /w:WIN32 .exe [32] â†'w:[32]â†'w:[32] For most programs, this is all that is needed to work as expected. If you have problems, please refer to the product documentation.
