## Soar Into The Sun (2012) BluRay 720p AC3 X264-CHD 1 REPACK

Soar Into The Sun was released on 29 May 2014 in South Korea, on the heels of last year's hit, The Last Scandal, further pushing the boundaries of the legal streaming market. Both distributors and HD-DVD and BluRay investors and consumers both knew about the success of The Last Scandal, and they wanted a similar hit. The movie's popularity is a testament to Korea's amazing movie-going population's taste for action and drama. Soar Into The Sun is a simple story of revenge. The main character, Yun-jin, is a detective who is famous for capturing criminals, but he is now blind after being hit with a baseball bat. One day in the street, Yun-jin sees a hit-and-run driver fleeing the scene, and the driver is arrested and Yun-jin gets a medal for his work. However, he later learns that the man has a short life expectancy and he should kill the man as soon as possible. Yun-jin kidnaps the man and his wife, a famous actress and he threatens them with a gun. He demands a ransom, which is 3 million won, and the only way he will release them is if he himself receives his medal from the President of the Republic of Korea. The man and his wife are sure that Yun-jin will shoot them, but their children, who are actually the real criminals that the main character is after, get Yun-jin to see that he doesn't actually want to shoot them. Yun-jin realizes that the reason why he kidnapped them was for his wife to get her medal, which she won by riding a horse across the park, and he realizes that the criminals he's after have nothing to do with this at all. He then decides to forgive them and the crime scene photo of the actual event of the crime itself is shown, which is also a shot-for-shot recreation of the main event of the original drama. The hitman, Lee-joon, is sentenced to prison for 30 years, and Yun-jin also gets his medal. As a result, the hitman's wife gives Yun-jin a recommendation for the police force, which he uses to get his old job back, but he also gets a promotion to one in a different department, which is considered a promotion rather than a demotion. It's because of this that his job performance is no longer affected when he returns to his old department, as he has much more freedom. Thanks to this, he starts a new case, which happens to involve his old friend, Jimin, who wants to go into business together, and who is a criminal who is getting out of jail. Jimin was an important part of the hitman's family and Yun-jin doesn't want to put him in prison again.
