Â· ... and also with the help of all the others (but not necessarily in this order); ...and also as a result (optionally, in the same sequence); In order to determine the direction of movement, we first need to answer the following questions: ...and who or what will lead (or move)? Â· ...and who or what will be driven (or driven)? Let's consider each question separately. 1. ...and who or what will be leading (or driving)?
