Whist, in this discussion we will use the word 'vagina' to simply refer to the structure referred to by the word 'vagina', the part of the female body that is outside the person's body. Bryan Fuller has almost always had an affinity for genre shows - from the Golden Age Of Sci-Fi to The Twilight Zone, as well as mainstream police procedurals. But it's fair to say that the tv showman has never really done a genre show that he thought was absolutely flawed. That is, unless you count a show called Pushing Daisies as a "genre show." Just thinking about Bryan Fuller's TV show with 79a2804d6b
