****REQUIRED****Use DVD Movie Maker to convert the video/audio on DVD-R discs to other formats. Full featured, easy-to-use and with an easy-to-find interface, the program allows you to add special effects and trim the video. With this software you can easily compress video, which can be used to make video files, images and DVD compatible files. Video Compress is a utility program that uses the power of the SuperMulti Flash Card to compress MPEG, AVI and DivX video files. DVD creation tool software that adds photo, text, subtitle and video on DVD. More than 300 menu templates to make a professional menu for your DVD. Features: 1.easy to use 2. copy the menus from the original DVD to DVD-9 or DVD-5 3. support batch movie editing 4. support divx and xvid encoding 5. let you trim the movie and insert the captions or subtitle file 6. CD burning support, can burn the output DVD directly to the CD I add a new tab on the main window that allows you to specify the burn settings of the newly created DVD project. The New tab is opened using a dialog window. Additional Info: You can define the size of the DVD title screen, the main menu and the bonus menus. DVD blank discs are automatically determined. The disc menu can contain several pages, and it's possible to order the pages as you wish. The bonus menu is displayed automatically if you select the menu file on the project output folder. You can define the order of the menus in the project and the position of the DVD title screen. You can also specify the captions of the DVD title screen, the main menu and the bonus menus. No menus to modify. If you prefer

System Requirements:

Game details: Unique battle systems, intuitive controls and characters from Pokemon are combined for this fantasy RPG. The creature-collecting Pokemon protagonist throws out a party that becomes a big family as they engage in a journey through the region. During this journey, the party explores new dungeons, gathers items and fights wild Pokemon to grow their strength. In battle, your team's degree of preparedness is reflected by a number, also known as a Pokemon's "IV". By raising their IV's, you can have a stronger team to help you.
