SuperCleanerZ Crack + Keygen Free [Win/Mac] (Latest)

SuperCleanerZ Crack Free Download is a simple and efficient piece of software designed to provide you with a reliable means of cleaning your computer from unnecessary cache data and temporary files. The utility is fairly easy to work with, requiring no experience with similar utilities. You can just launch the application and select the cleaning operation that you want to perform. SuperCleanerZ enables you to remove cache files, allowing you to select the browser you want to target, either Firefox, Chrome, Safari, Internet Explorer, Opera or even your Adobe Flash Player. By clicking on the item you want to clean, the tool automatically scans and locates the files, deleting them in seconds. In addition, it shows a progress bar so you can see how the process is moving along. When the operation is done, SuperCleanerZ displays a window notifying you of the outcome. Other options provided by SuperCleanerZ include the 'Internet Booster' component, that can supposedly enhance your Internet speed and allow you to browse your favorite websites easily. Similarly, the 'Windows Booster' claims to operate certain adjustments in order to make your system run faster, but it is rather unclear what exactly it is meant to do, specifically since there was no noticeable speed increase after performing this operation.
